

Title: **COASTAL Project WORKSHOP**

The **COASTAL Project** is planning the **Workshop: Microfluidic sensors for rapid detection of biotoxins in bivalves**. The workshop will take place at **IPMA in Algés** and can also be attended **online** (via Zoom) starting at **2 pm** (Lisbon Time) on **April 22nd 2024**.

The **Workshop** aims to present an overview, the main results and a demonstration of the biosensors developed by the **COASTAL Project** as a portable sensing solution for detecting biotoxins in bivalves. Developed technology will help to overcome the current limitations of the conventional analytical techniques.

The **Workshop** is **free** but registration is required. The **deadline** for registration is April 19th 2024. Please, fill the following registration form:

<https://forms.gle/DvqkFXXcdfjoKe6G7>

For further information do not hesitate to contact us by email: coastal@ipma.pt

The poster features a dark blue background with white text. At the top left is the 'Iceland Liechtenstein Norway grants' logo. The main title is 'Workshop COASTAL Project' followed by 'Microfluidic sensors for rapid detection of biotoxins in bivalves'. Below the title, it specifies the date '22/04/2024', time '2 pm (Lisbon time)', and location 'Alive IPMA-Algés/Online'. The email 'coastal@ipma.pt' is at the bottom right. The bottom of the poster displays logos for the Portuguese Republic, the Directorate General for Maritime Policy, the University of Aveiro, CESAM, IPMA, the Norwegian University of Life Sciences, and SINTEF.
